

CITY FRONT NOTES

SOME MARINE JOINTINGS OF TODAY.

U. S. S. Marion From San Diego—Bark
Highland Light in Port—The
Kaena Departs.

The Keahou leaves at 4 today for Koloa.

Tomorrow, high tide large 3:54 a m; high tide small 3:55 p m; low tide large 9:56 a m; low tide small 10:45 p m.

The James Macee came in with a load of Garden Isle product this morn. The James leaves again at 4 this afternoon for Kapa.

The U. S. S. Marion saluted the Hawaiian flag as soon as she had arrived in the harbor, and was answered by the Kakaako shore battery.

The schooner Kaulilua, which sailed yesterday for Maui, was anchored off port today. She split her propeller trying to beat up the Molokai Channel.

All Inter-Island steamers will have electric lights after this. Those without modern illumination are now being supplied with electric plants.

Yesterday afternoon, the American bark Highland Light, Lewis master, arrived from Departure Bay with coal for Allen & Robinson. She made the passage in 23 days.

The U. S. steamship Marion arrived from San Diego, California, which port she left on the 27th of last month. She comes to relieve the Alert.

The baby steamboat Kaena departed at half past ten o'clock this forenoon for Wai alua ports. Captain Smythe was in command. The Kaena flew a brand new flag at her mainmast head. When her nose pointed toward the mouth of the harbor, the steamer seemed to be anxious to reach the blue water, showing herself to be more speedy than she used to be. Quite a crowd was on the wharf to see her off.

PASSENGERS ARRIVED

From Kona per star James Macee, Mar 18—Mr Wolf and 5 deck passengers.

Unlucky Torpedo-Boats.

The sinking of the French torpedo boat No 86, in consequence of a collision, is the fourth boat of that class which has had bad luck. Sixty-three of these boats, ranging from fifty-four to fifty-six tons displacement, were built between 1885 and 1892. Their contract speed was twenty knots with 520 horse power, but the first lot of thirty-five boats were found too slow and heavier boilers were put in. This reduced their stability and led to accidents. In 1889 No 102 capsized in a moderate sea and drowned six men. Three weeks later No 110 went down in a squall off Cape Breton, drowning all hands. In 1894 No 120 burst a boiler and killed two men, and now No 86 has gone to the bottom.

Remodeled British Ironclads.

The Monarch, rated a third-class turret-ship in the British navy, built in 1872, has been thoroughly refitted and re-engined at a cost of \$500,000 and was commissioned last month as a guardship in Simon's bay, Cape of Good Hope. The hull, built of iron at the Chatham dock yard twenty-seven years ago, is still in excellent condition, and so are the Warrior, built in 1861; the Northumberland, 1865; Devastation, 1873; Sultan, 1871; and Thunderer of 1877 all of which have either been recently refitted or are now at the dock yard being put in condition to meet present requirements.

Reasons Why.

There are two reasons why people are now paying car fare all the way from Waikiki to the Palama Grocery and back. Reason 1. It is the only place on the Islands where the celebrated Salvation Army tea is sold. Reason 2. After paying car fare both ways patrons find they are money in pocket by dealing at this "live and let live" establishment. We also deliver goods between Diamond Head and Moanalua free.

W. W. DIMOND'S

Spring exhibitions of art are held the world over—why not silver, glassware or crockery? The advantage in most presents is in the fact that they answer for any season in the year. A Christmas present of cut glass would do as well for a birthday in July. Our goods are seasonal.

Dorflinger's cut glass, the best in the world, because the cuttings are perfect and the designs unique. Best for the purchaser because the price is low. Best for the home because it is useful and decorative.

Our silverware is the same sort you buy of exclusive dealers in silverware. The weight is the same, the designs are the most modern and elegant, and the price is the same as you pay to the dealer in San Francisco. Ours is made by the Whiting Manufacturing Company, and has no superior. The pieces include everything to be found in a silversmith's.

In crockery this is the help-fullest of stores. Make the most of it. Its every day selling is a series of agreeable surprises to China lovers. Genuine French China, Royal Worcester, Crown Derby and Coal Port go to you for what they are worth—nothing better for wedding presents.

Our stock of lamps is the largest and the assortment the best in Honolulu—some for oil and others for electricity.

Mr. W. W. Dimond.

LEWIS & Co.

If a man's dinner is right, and he rises from the table conscious that his wife has used the same judgment as to price that she did in the selection of the articles dispensed of there can be no indigestion to follow. Our goods are of the kind which bring health, happiness and a fat purse.

Table delicacies are a fad with us—they are bought because we know the average Honolulu is fond of good things for the stomach. Our prices are below the average and special inducements are offered to cash purchasers. Our latest importations include the best goods obtainable in the English markets.

Copeland's English Peas; Cod's Roe, Mackerel in Mustard Sauce and Cambridge Sausages are thus as well put up that it would be difficult to detect the difference between them and the same articles direct from the market. "Teyssomeau" is a long name to put before Pate but the combination makes the best but ever placed before a gourmet. These are goods that anyone may eat without fear of indigestion following. They are put up in the best factories in Europe and come to us in elegant condition.
